Here are some shared thoughts on the Conference/Training.

"I have spent 25 years seeking, sourcing, healing, self educating and looking for an answer. This tied a ribbon around it and it all made sense - ONDAMED was the final piece of the puzzle in my search. This Advanced Training catapulted us in our learning and application of ONDAMED. I can't

"The training was
superb and
timely. As a
clinician, I was
trained by the
best, but learning

from the
experience and
vantage point of
Dr. Kessler and
his team, I have

better results.
Having this

workshop" will
help me be a
better ONDAMED
practitioner."

MD

"I brought my
entire team of
practitioners so
we can all be on
the same page
with the same
information and
skill level. It
created a unity
with our team
and the
information was
superb. Every
